Dear [Redacted]:

This letter is to certify that the fenestration products (**as estimated**) for the above referenced project contain the following approximate amounts of recycled aluminum. **Note: The overall weight of aluminum provided for a project usually varies from the pre-production estimate to the actual production totals and the percentages of recycled content can also vary depending on the production date. A post production letter with “as built” percentages can be supplied upon request after shipment.**

15% to 21% Post-consumer Content
46% to 54% Pre-consumer Content

If you have any questions, please call [Redacted].

Respectfully,
EFCO Corporation
